PLANTING TABLE FOR FEBRUARY

GARDENS: Plant asparagus, rhubarb, horseradish roots, cabbage plants, onion sets, smooth seeded English peas, artichoke tubes, Irish potatoes, spinach, kale, rape, strawberry, raspberry and blackberry plants and transplant to cold frames cauliflower, lettuce, broccoli, brussel sprouts and beet plants sown in hot beds.

The times shown in this calendar are daylight saving time from the second Sunday in March until the first Sunday in November. They are based on a 35° latitude and a longitude of 75° Eastern Time Zone, 90° Central, 105° Mountain and 120° Pacific. Your local times for Sun r., Sun s., etc. can be figured approx. by adding 4 minutes for each degree you are west or subtracting 4 minutes for each degree you are east of the above degrees. Also add 2.9 minutes for each degree you are north or subtract 2.9 minutes for each degree you are south. Moon's phases and seasons calculated at 7:00 AM EST.

WEATHER FORECAST FOR FEBRUARY. 1st-3rd: Rain moves out of the Northeast, followed by fair, cold weather. Fair also for the Western and Central States. 4th-7th: Gusty winds over the Southwest. Snow for Arizona and Nevada east to Texas. Mild days and cool nights over much of the Southeast. Powerful storm pushes in across the Pacific Northwest, bringing heavy snow (1 foot or more) to parts of the Rockies, Plains, and Great Lakes. Stormy conditions pose no threat for playing Super Bowl XLVI in Indianapolis, thanks to retractable roof at Lucas Oil Stadium. Fair weather holds for New England. 8th-11th: Wet snow falls for Arkansas into Tennessee north and east through the Mid-Atlantic and New England, with accumulations of 4 or more inches, followed by clearing weather. Rain falls across the South, followed by clearing. Chillier for the West to the Mississippi River. 12th-15th: Showery and windy for the West and Southwest. Frigidly cold, with scattered flurries over the Rockies and Plains; temperatures approaching 30 below zero for Montana and North Dakota. Snow showers spread east to the Great Lakes. Light snow for New England, followed by fair skies. Wet for Gulf Coast and Deep South, followed by fair and milder weather. 16th-19th: Fair at first in the West, followed by stormy conditions from the Rockies through the Dakotas and Nebraska into the Great Lakes. Also turning stormy from the Southwest to Oklahoma and Kansas. Unsettled for the Eastern States. 20th-23rd: Wet snow falls across the Tennessee River and Mid-Atlantic States, followed by fair and cold. Heavy wet snow with accumulations of a foot or more for much of the Northeast. Showers may fall in New Orleans at Mardi Gras time. Mostly fair for Western and Central States. 24th-29th: Milder over the West, then some snow for the Rockies and Plains, followed by fair and colder weather. Snow flurries for Great Lakes through New England; except steadier, heavier snows for coastal New England, where significant accumulations are possible. Light snow over Southern Plains and Texas. Showers along the Gulf Coast and over the Southeast, followed by fair skies.
